

# Wisconsin Certified Florist Hands On Courses

Three hands-on courses offered through the Wisconsin Certified Florist (WCF) program will be held on Saturday, January 28 and Sunday, January 29, 2012. This series of courses will allow participants to construct a variety of design styles. Basic core techniques covering sympathy, wedding and every day floral work will be included.

Each course, although aimed at the beginning florist, is a required element of Wisconsin's florist certification process. Those interested can sign up for one, two, or all three offerings. If not enrolled in WCF program, you will need to complete the WCF Education Registration Application. Registration for the hands-on classes is open through January 13, 2012.
