

A Hands - On Experience!

Class Topic: The Cascade Bridal Bouquet is back! Florists now have the opportunity to show the bride their creativity. If there’s any bouquet that speaks to why a bride should hire a florist instead of attempting a DIY, the cascade is it. This time around there is a new spin on the cascade bridal that can be accomplished in one of two ways: a horizontal with an organic feel, or an asymmetrical look that crosses the body from shoulder to hip. Two completely different mechanics and techniques are required to accomplish this. Lisa will guide you through both types of bouquets using some of the freshest seasonal flowers.
